Dear Sir,

In reply to yours of November 18, your letter was probably referred to our American Lodge, in which case you should have heard ere this. In the event of your not having heard, please communicate with Mrs. Victoria Cremers, 130 Post Avenue, New York City, who will give you all the information you require.

Believe me, the statement in our publication is to be taken in all seriousness, and we regret any undue delay. The A.A.A. is in no way connected with the Society you mention, but is in friendly communication with the real Rosicrucian Order known as the O. T. O.

Yours very truly,
